

Phenolic Flanged Bobbins

- ▶ Machined to fine tolerances for perfect fitment.
- ▶ Dynamically balanced for perfect winding at high rotating speeds

- ▶ Manufactured from special grade Aluminium Alloy
- ▶ Designed to maintain balance at high temperatures.
- ▶ Suitable for a range of synthetic and thermoplastic yarns.

Aluminium Bobbins

Perforated Bobbins

- ▶ Aluminium Alloy construction for hot dyeing applications

Cheese Tubes for tape winding

- ▶ Available in both high tensile steel and Aluminium Alloy.
- ▶ Non reflective surface is obtained using powder coating or QED.

Plastic Bobbins

- ▶ Affordable solutions for a wide range of usage.
- ▶ Easily replaceable parts.
- ▶ Steel guard rings for protection of flanges available on request
